

GDX WORKSHOP GENESIS

Reclaiming Our Power

DATE: July 1 – 8, 2027

LOCATION: Vidhave Retreat, Gotland, Sweden

FACILITATORS: Elena Danaan & Moira Ingeltun

Workshop Overview

Genesis – Reclaiming Our Power is an exclusive, 1-week immersive workshop combining profound teachings, experiential practices, and holistic body–mind integration. Together, we will explore human origins, consciousness, and the mechanics of personal transformation.

We delve into the forgotten narratives of Earth's early history and humanity's origins, utilizing these teachings as a framework for understanding boundless human potential, ascending consciousness, and deep self-empowerment. Set against the breathtaking and raw natural energy of Gotland, this retreat is designed for those ready to step into their true power.

Inner Work & Practices

This workshop integrates a meticulous approach tailored to elevate your awareness. Participants are invited to strengthen presence, clarity, and personal sovereignty through a blend of physical embodiment and inner exploration:

- **Embodiment & Grounding:** Daily yoga sessions designed to promote physical grounding, somatic release, and unimpeded energy flow.
- **Energy Activation:** Advanced Kundalini awareness and specialized energetic alignment practices.
- **Perception Work:** Pineal gland-focused meditation and heightened perception exercises to bridge dimensions.
- **Reflective Exploration:** Guided inner journeys and reflective exercises to securely anchor esoteric teachings.
- **Daily Integration:** Practical tools for daily life balance, profound self-awareness, and maintaining a sovereign frequency.

About the Facilitators

Elena Danaan
